<p>Aegopodium - Goutweed →                      Ajuga - Bugleweed →                      Alchemilla - Lady's Mantle →                      Campanula - Bellflower (low types) →                      Ceratostigma - Leadwort →                      Dianthus - Pinks →                      Euonymus - Wintercreeper →                      Geranium - Cranesbill (low types) →                      Hedera - English Ivy →                      Iberis - Candytuft →                      Liriope - Lilyturf →                      Lysimachia - 'Aurea' - Moneywort →                      Nepeta - Catmint                      Phlox subulata - Creeping Phlox                      Sedum - Stonecrop (low types)                      Stachys - Lamb's Ear                      Thymus - Thyme                      Veronica - Speedwell (low types) →                      Waldsteinia - Barren Strawberry →</p>	<p>← Aegopodium - Goutweed →                      ← Ajuga - Bugleweed →                      ← Alchemilla - Lady's Mantle →                      Asarum - Ginger →                      ← Campanula - Bellflower (low types)                      ← Ceratostigma - Leadwort                      ← Dianthus - Pinks                      ← Euonymus - Wintercreeper →                      Galium - Sweet Woodruff →                      ← Geranium - Cranesbill (low types)                      ← Hedera - English Ivy →                      ← Iberis - Candytuft                      Iris cristata - Crested Iris →                      Lamium - Spotted Dead Nettle →                      ← Liriope - Lilyturf →                      ← Lysimachia - 'Aurea' - Moneywort                      Pachysandra - Spurge →                      Phlox divaricata - Woodland Phlox →                      Phlox stolonifera - Creeping Phlox →                      Sagina - Irish Moss/Scotch Moss →                      ← Veronica - Speedwell (low types)                      Vinca - Periwinkle →                      ← Waldsteinia - Barren Strawberry</p>	<p>← Aegopodium - Goutweed                      ← Ajuga - Bugleweed                      ← Alchemilla - Lady's Mantle                      ← Asarum - Ginger                      ← Euonymus - Wintercreeper                      ← Galium - Sweet Woodruff                      ← Hedera - English Ivy                      ← Iris cristata - Crested Iris                      ← Lamium - Spotted Dead Nettle                      ← Liriope - Lilyturf                      ← Pachysandra - Spurge                      ← Phlox divaricata - Woodland Phlox                      ← Phlox stolonifera - Creeping Phlox                      ← Sagina - Irish Moss/Scotch Moss                      ← Vinca - Periwinkle</p>

☀ Sun    ☁ Partial Shade    ● Shade

← → Arrows indicate that light requirements overlap and the plant will grow in the adjacent light environment. The three general light environments are **Full Sun**, **Partial Shade** and **Full Shade**. For example, if under Full Sun with an → the plant will grow in Partial Shade; if under Full Shade with an ← will also grow in Partial Shade. If under Partial Shade with an arrow pointed both directions, will grow in all three light environments.
